

## GUIDELINES FOR DECLARATION OF ARRIVAL FOR CITIZENS AND PERMANENT RESIDENTS ENTERING / RETURNING TO BRUNEI DARUSSALAM

Citizens and Permanent Residents are advised to declare their imminent arrival into Brunei Darussalam for ease of logistics management.

For Citizens and Permanent Residents returning from official (Government Sponsored) and essential travels, their sending or endorsing agency must submit the declaration form on the travellers' behalf.

Declaration may be submitted by the traveller or sending / endorsing agency on the online portal at [www.pmo.gov.bn/travelportal](http://www.pmo.gov.bn/travelportal).

Upon arrival, the traveller will be required to undergo self-isolation at hotel accomodation for a period of between 2 to 14 days

It is the responsibility of the traveller (or sending/endorsing agency, if returning from essential /official travel) to book directly with hoteliers and secure such accomodation before arrival.

Citizens and Permanent Residents returning from personal non-essential travels will bear the cost of accomodation during their self-isolation period in Brunei Darussalam, while those returning from official and essential travels will be accomodated for their self-isolation period in designated hotels determined and funded by the Brunei Government.

Citizens and Permanent Residents returning to Brunei Darussalam will be required to undergo a post-arrival COVID-19 PCR test, the cost of which will be borne by the Brunei Government, either on Day 1 or Day 5 after their arrival.
